Insurance-related issues

Gina's husband needed surgery for a life-threatening condition.

The paperwork approving the procedure got "lost in the system." Health Advocate tracked down and coordinated the paperwork between the doctor, insurance plan and hospital, and convinced the insurance company to permit a prompt operation.

We can help.

Introducing Health Advocacy

This helpful guide provides an overview of Health Advocate and its many services. If you have questions or need assistance, **simply call the toll-free number for prompt support.**

We are here to help you

During your first call, you will be assigned a Personal Health Advocate who will begin helping you right away.

Personal Health Advocates are typically registered nurses, supported by medical directors and benefits and claims specialists. They'll help cut through the red tape and assist with complex conditions, find specialists, address eldercare issues, clarify insurance coverage, work on claim denials, help negotiate fees for non-covered services **and get to the heart of your issue.**

Who is covered?

Health Advocacy is available to eligible employees, their spouses or domestic partners, dependent children, parents and parents-in-law.
